

Bring your financial advisor with you to the Stockholders meeting of Gigantic Savings Corporation where size really does matter!

Chairman of the Board, Philip Fiduciary, is there to announce the exciting merger with Cissibank. His daughter, Carole, a financial planner herself is with her up-to-no-good-fiancee, Thompson Wellington the Third.

Also on hand are: Philips's Gal Friday-- and every other day, Chetland Pona; efficiency expert Godfrey Grubstake; Gigantic's wealthiest client, the crotchety Winifred Elbon.

All stand to make a fortune with the merger-- until Philip ends up dead!

High finance has never been so deadly -- or so funny!
