

# **THE HOME- COMING HOMICIDE OR PEGGY SUE GOT MURDERED**

You'll be brought by Professor E. Irving Irwin, the school chaperone, to the reunion of the class of 1959.

There you'll meet: Todd, a ne'er-do-well with an Elvis complex; Spike, a biker stuck in his own time warp; Dotty, unlucky at love ; Peggy Sue, former Homecoming queen, there to take control and crown the new girl to follow in her footsteps.

Together once again, tempers fly, old wounds are revealed, and one of the characters meets with foul play.

With the help of the audience, the killer must be found before he can strike again.

This is one of our most popular shows, complete with enough comedy, music, and singing to knock your bobby socks off.
