

TOO MUCH HUMBUG??

Charles Dickens' tale of the redemption of Ebenezer Scrooge is brought to life by a cast of comedy characters. With authentic costumes, unique special effects, and "liberties" taken by the actors, it is an evening's entertainment that is both hilarious and touching.

"Scrooge's Comedy Carol" is a unique audience participation event with the actors performing in and around—and even WITH—the guests. Audience members are selected to play minor roles, from Marley's Ghost to "Tiny" Tim—which adds to the fun and entertainment!

Charles Dickens himself narrates the famous tale and guides the hilarity of the other actors, who portray the numerous characters in the story. The show can go from the hilarity of a Marx Brothers' movie to the solemnity of Tiny Tim's death, thus taking the audience on a roller-coaster of emotion.

All in all, "Scrooge's Comedy Carol" is a perfect theater piece that brings a classic to life, with the audience not only watching, but participating in this wonderful holiday tale.
