

# THE SOPRANINNIS

A MURDER  
IN THE FAMILY

**Tony Sopraninni** cordially invites you to a hilarious evening of mobster mayhem.

Tony's personal troubles being the Godfather-- I mean-- in the salvage industry -- have led him to therapist **Wendy Waycalm**, who has brought the entire family together for a group session.

All the clan will be there, Tony's aging father, **Luigi**, who longs to run the rackets again; his sister **Scungili**, trying to compete head-to-head with the men; Tony's wife **Primavera**, who is weary of Tony's lifestyle and indiscretions; and even Tony's right hand man, **Lorenzo**, to talk from the heart -- if he has one.

Will Wendy ease the family tensions that could lead to -- MURDER?
